Fellowship Disbursement

Contingent on your acceptance of Qualified Employment (as defined in the Summer Fellowship Program Description), and acceptance of the Conditions for Receipt of a Summer Public Service Fellowship outlined below, we are pleased to award you a Fellowship of \$4000. If you will not work full-time for the entire eight-week period, you will receive a pro rata share of the Fellowship. Your Fellowship should be disbursed in a single installment at the commencement of your work.

Tax Implications

This Fellowship is intended to aid you in the pursuit of this training opportunity. Because no services will be performed for the University's benefit, the Fellowship is considered to be non-compensatory in nature. For U.S. citizens and U.S persons for tax purposes, no taxes will be withheld from the payments and no year-end reporting, such as a Form 1099, will be provided to you. However, this amount may still be considered taxable income to you. You should consult with your personal tax advisor to determine the appropriate reporting of these amounts on your individual income tax return. You may also wish to refer to IRS Publication 970, *Tax Benefits for Education*, which provides additional information regarding the tax treatment of scholarships and fellowships.

For students who are considered non-resident aliens (NRA) for income tax purposes, different withholding rules may apply. Please consult with the Office of International Taxation, Maryland Hall G-15, to discuss your specific circumstances and to determine whether withholding may be required. NRA students will receive a Form 1042-S from the University at the end of the year.
